

# The Arkansas Chiropractic Society

**Presents: April 25, 2015  
Medicare A to Z Made Simple by  
Susan McClelland, FICC  
North Little Rock, Arkansas**

## About The Instructor and Course

**INSTRUCTOR: Susan McClelland, FICC** is considered to be a Medicare expert and has helped train doctors of chiropractic and their staff for over twenty years on a range of complex topics including coding, insurance, clinical documentation and Medicare. Susan serves on several American Chiropractic Association committees. At a time when an increasing number of "new" and "non-paid experts" are touting their seminars, you can depend on Susan McClelland to be up-to-date and accurate with the information that she presents.

**THIS COURSE:** The continued need for more Medicare training for chiropractic offices remains painfully clear. The number of DCs receiving requests for records has tripled. Not only is Medicare important in chiropractic practices across the nation, but the Medicare program and certain policies/procedures it uses, serves as a model for many other insurer programs. We can't afford not to understand this program. This comprehensive training program has been designed specifically for doctors of chiropractic and their staff. It provides the most accurate and current information available to help you to get it right.
