

What do I *love* about being a chiropractor?

Giving patients hope,
and the inspiration to change.

Seeing miracles every day,
(and never getting tired of it).

Being my own boss,
and a hero in the eyes of my family.

Taking my practice to the next level,
with Metagenics as my partner.

Be your best with Metagenics.

Douglas Di Siena, DC, FICA
Di Siena Family Chiropractic
& Optimal Nutrition
Author of *Possibility Living*

Every day, thousands of chiropractors like Doug depend on Metagenics. Discover the reasons why.

 **Metagenics™**
Genetic Potential Through Nutrition

An unrivaled commitment to science.

Knowing that chiropractors rely on us to heal others isn't something we take lightly. It's the reason we lead the industry in science, with more than 200 studies published in peer-reviewed journals.

Pioneering new breakthroughs in patient care.

Since 1983, we've made new discoveries like Selective Kinase Response Modulators (SKRMs), creating an exciting new class of therapeutics that's helping countless patients improve their quality of life.

Sharing the wealth, sharing our knowledge.

From clinical seminars and workshops to practice-building webinars, we lead the industry in educational programs—with the brightest minds in chiropractic, nutrition, and functional and lifestyle medicine.

Setting the gold standard in quality.

Other companies talk about quality, Metagenics delivers—with the purest ingredients, the most exacting quality control standards, and the industry's only triple GMP-certified manufacturing facility.

Helping chiropractors grow in new ways.

Enjoy a range of programs that help you improve your outcomes, increase your MD referrals, and grow your practice—like FirstLine Therapy™—our turnkey lifestyle medicine program.

Taming the web, and making it profitable.

Engage, empower, and retain your patients. We make it easy to have your own branded website, online store, and health content, including e-newsletters, recipes, and lifestyle advice.

Being there when you need us.

Have questions about our products or protocols? Concerns about possible drug interactions? Our expert clinical services staff are just a phone call or email away.

Be your best with Metagenics.
