

## Arkansas Chiropractic Society Presents:

Dr. David Seaman  
Nutrition as a Biochemical Adjustment  
New presentation for This Year  
September 26, 2015  
Tulsa, Oklahoma

### About The Instructor and Course

**INSTRUCTOR:** Dr. David Seaman is a graduate of New York Chiropractic College. The author of numerous books, articles and periodicals, Dr. Seaman is a much sought after post graduate speaker, lecturing over thirty weekends per year. He is currently a Professor at Palmer College of Chiropractic in Florida where he teaches clinical nutrition, neuroscience and complicated case presentations and also a professor, Department of Clinical Sciences at National University of Health Sciences. In 2006, he received the distinguished award of American Chiropractic Association's Academician of the year. He is also a columnist for "Dynamic Chiropractic", "The American Chiropractor", and the "Nutritional Wellness" periodicals as well the author of a book available on his website or at your favorite bookstore.

**THIS COURSE:** The neurochemistry –mechanics-physiology-biochemistry of movement and why pro-inflammatory biochemistry can prevent manipulation success will start out the lecture. Also to be discussed will be how diet mutates the musculoskeletal system causing osteoarthritis, disc herniation and tendinopathy. Dr. Seaman will talk about adiposopathy(sick-fat syndrome) and how the metabolic syndrome manifests as a producer of inflammatory mediators. He will present weight loss barriers parts 1 and 2.
