

Arkansas Chiropractic Society Presents:

Clinical Application and Neurology of the Vertebral Subluxation Complex

March 6th & 7th, 2010
Little Rock, Arkansas

About The Instructor and Course

INSTRUCTOR: Dr. Lisa Bloom is a diplomate of the International Board of Chiropractic Neurology and in Applied Chiropractic Sciences. She has a private practice in Seneca Falls, New York with her practice being limited to neurological consultation. She is on the postgraduate faculty of New York Chiropractic College. Dr. Bloom serves as a Board member of the International Board of Chiropractic Neurology and also serves on the National Board of Chiropractic Examiners. She is a 4th degree black belt in Tae kwon Do. Dr. Bloom's other interests include being a professional musician/composer and an avid motorcyclist.

THIS COURSE: will begin with a review of the vertebral subluxation complex (VSC) and their clinical significance. To be discussed is the role of nociceptors in the VSC as well as mechanoreceptors. There will be patient presentations as a part of these discussions. The effects of inflammation, immobilization degeneration and neurological control of muscle will be discussed. Rounding out this program will be, accessing third party payments, interprofessional relationships and patient communication.
