

Arkansas Chiropractic Society Presents:

Dr. David Seaman

Promoting Health and Longevity with Proper Nutrition/Applications in Chiropractic Practice

September 16 & 17, 2017

Fayetteville, Arkansas

About The Instructor and Course

INSTRUCTOR: Dr. David Seaman is a graduate of New York Chiropractic College. The author of numerous books, articles and periodicals, Dr. Seaman is a much sought after post graduate speaker, lecturing over thirty weekends per year. He is currently a Professor at Palmer College of Chiropractic in Florida where he teaches clinical nutrition, neuroscience and complicated case presentations and also a professor, Department of Clinical Sciences at National University of Health Sciences. In 2006, he received the distinguished award of American Chiropractic Association's Academician of the year. He is also a columnist for "Dynamic Chiropractic", "The American Chiropractor", and the "Nutritional Wellness" periodicals as well the author of a book available on his website or at your favorite bookstore.

THIS COURSE: The neurochemistry –mechanics-physiology-biochemistry of movement and why pro-inflammatory biochemistry can prevent manipulation success will start out the lecture. Also to be discussed will be mitochondria and cardiovascular disease, cancer and migraine headaches which affect almost 20% of the population. He will present free radicals both the good and the bad, a review of the body's antioxidant system and present a review of the metabolic syndrome.
