Time To Get Personal

From my family to yours. We want to get to know you better.  
We don't create Clients, we create Friends.

## Changing from a vendor to a friend

We still rely on sales to provide for our family and employees, but we want to approach it from the aspect of a friendship. A friend will help you when you're in need. Many vendors will make the sale, but want to charge you for helping after the sale. We have sold thousands of X-ray systems and equipment through the years. We support those sales long after warranty has expired. It's not always free, but we strive to help anyway we can. Call us with your questions and your equipment needs.
