

The Review

A Comprehensive Analysis of Today's Healthcare Topics

Presented by *Dan Murphy, DC, DABCO & Trevor Berry, DC, DACNB*

Industry leaders Dr. Dan Murphy & Dr. Trevor Berry have teamed up to discuss the most critical healthcare topics during this NEW 14-hour seminar. Many years of experience have given them keen insights & strong determination to separate fact from fiction in our rapidly evolving world. Key topics to be discussed include brain health, pain management, cellular health, ATP issues, neurological conditions and much more. Unfortunately, the ever-growing & ever-changing list of healthcare issues is causing calamity within the current healthcare model, leaving many Doctors without the tools & knowledge to help their patients.

Our expert team of doctors will dissect these issues by providing a quick breakdown of peer-reviewed literature, as well as providing clinical gems that physicians around the globe can simply & successfully implement into their practices. They will be your professional guides in changing the way modern medicine is delivered through advanced techniques & low-level laser technology. This wealth of knowledge & experience offered both In-Person & via Live Stream has never been available before! We are excited to be the leaders in bringing you these modern-day technological advancements!

Don't miss this one-of-a-kind opportunity for real educational advancement, earn 14 CE hours and make substantial upgrades to your practice that will improve the health & well-being of you, your family, & your patients.

This Live Stream is brought to you by a double award-winning Emmy Videographer to bring the experience of a live seminar into your home or office! The highest quality 4K visual & audio equipment will be used with picture-in-picture to offer you the ultimate learning experience. Not only will you see the doctors' slides, but you will see the doctors lecturing to a live audience and doing hands-on workshops that you can join in on from home. This production is not your standard PowerPoint flip through webinar; it will prove to be the best virtual event of 2022!
